### Unmanned Systems Association of Virginia (USAV) Members to Serve as Panelists at Dulles Regional Chamber of Commerce's Drone Luncheon

**RICHMOND, Va.** – The Dulles Regional Chamber of Commerce is hosting “Is there a business case for drones?” on Wednesday, November 9, 2016, in Leesburg, Va. The luncheon will feature a panel of unmanned aircraft systems (UAS) experts including **Captain Dave Culler (Ret.), CEO of HAZON Solutions**, who will discuss peak performance, productivity and delivery of the highest quality service and safety to customers; and **Steve Eisenrauch of Dominion Virginia Power**, who will provide insights into the benefits and challenges from the business user’s perspective. ***Both HAZON Solutions and Dominion are founding members of the Unmanned Systems Association of Virginia (USAV).***

Panelists will also share perspective on what the future may hold for companies that may choose to:

- Use UAS to provide commercial services to end users including those in the federal, state and local government markets
- Create UAS delivery systems such as Amazon and Google
- Use UAS to fulfill their own business needs in disciplines such as railroads, news media, energy, utility, movie making, infrastructure inspection and precision agriculture
- Produce hardware and software components for this rapidly evolving industry
